

## **WHAT ARE WE DOING TO KEEP YOU AND OUR EMPLOYEES SAFE?**

The health and safety of our guests and employees are our top priorities. Dulle-Trimble Funeral Home is still operating normally but within the guidelines and mandates of the Cole County Health Department. **Remembering and honoring your loved ones is what we are all about. We want to assure you that we are all in this together.**

The Dulle-Trimble team is taking proactive measures to help prevent the spread of any potential illness. We are closely monitoring the Centers for Disease Control and Prevention, along with the Missouri Department of Health and Senior Services and the Cole County Health Department, regarding the novel coronavirus (COVID-19) and are following the guidelines put forth from these agencies.

\* In accord with the latest mandates and/or recommendations from the above agencies, families will be asked to arrange private visitations and funerals for just immediate family or close friends. Dulle-Trimble will accommodate larger public services at a later time when allowed.

\* We are following recommended cleaning and disinfecting protocols to sanitize our chapels, lounges, restrooms, and other communal areas before and after each service with particular attention to high-touch items such as knobs, faucets, chairs, drinking fountains, etc. Proper and frequent hand washing is vital in combating the spread of viruses. Our team is reminded multiple times a day that cleanliness starts with this simple act. Additional hand sanitizers have been placed in public areas and in all of our meeting/arrangement rooms.

\* Employees who exhibit cold or flu-like symptoms have been instructed to stay home from work.

\* In an effort to minimize direct contact, we ask that you consider avoiding shaking hands or physical contact. Direct eye contact, loving words, and a warm smile can be as meaningful to a grieving person as a traditional handshake or hug, especially during these difficult times.

\* We request that visitors who are experiencing any cold or flu-like symptoms including fever, cough, and shortness-of-breath, or have been in contact with or have recently traveled to any of the affected countries, refrain from visiting the funeral home at this time.

\* Those wishing to extend words of comfort to families, we invite you to leave messages on our website - [www.dulletrimble.com](http://www.dulletrimble.com), or send a note in the mail to the funeral home. We also encourage you to call our office and have us add your name to the register book.

**If you have any questions about the funeral home's operations and options for services, please feel free to contact Kyle Trimble at [kyle@dulletrimble.com](mailto:kyle@dulletrimble.com) or call 573-893-5251.**

Be Well,  
The Trimble Family
