

# We Care

## Keeping Our Families and Public Safe

### COVID-19

- ♥ We are encouraging visitations and funerals be kept private for immediate family and close friends as recommended by local officials.
- ♥ Dulle-Trimble will offer a complimentary public Visitation and Memorial Service for such families at a later date.
- ♥ All families will be offered the option of having family photos made into a Tribute Video, free-of-charge and posted on our website, for family and friends to enjoy.
- ♥ We are implementing a new program, “Hugs from Home”, allowing those confined to their homes to share a token of love and support. White balloons will be placed in the chapel with notes from those who call in with messages or post on our website.
